Headteachers Welcome

Brookfield is a school whose priority is to ensure staff and students are successful and happy. We have a rich and diverse curriculum open to all students, led by a highly talented group of curriculum leaders. Our students are engaged, confident, polite and well behaved (mostly) and move on to gain excellent results and future successes.

I am proud to say we have a lovely school which is down to how staff across the school work so effectively together. We have an ethical approach to leadership underpinned by strong, trusting relationships and collaborative working.

If you are an aspirational professional who shares our core values and wants to make a positive difference to the lives of the young people at Brookfield, then please complete the appropriate forms.

Before applying, why not visit us during the working day: Please contact Recruitment at recruitment@brookfield.hants.sch.uk to arrange an appointment.

Yours faithfully

Stuart Parkes
Headteacher

Teacher of Art

Art and Design is a well-established, friendly and thriving department at Brookfield Community School. We offer a warm welcome to all staff and students.

We offer 3 endorsements at GCSE - Fine Art, Photography and Textiles.

The department's requirement for success is not students' technical talent but an enthusiastic and positive attitude. However, many of our students are extremely able and they love drawing and painting realistically. The course allows work to be developed across a range of two and three dimensions, informed by the example of other artists, photographers, crafts-people and designers. Skills of problem-solving and research, inventive playfulness and critical thinking are essential. Ideas and studies, analysis and thoughtful reflection are all documented in sketchbooks and ambitious outcomes are encouraged and produced.

Study trips are currently made to London and Kew Gardens which the students get so much from. Students are encouraged to spend extra time on their coursework projects, and to this end a co-curricular slot is allocated every week, though they may use the studios whenever they wish.

We have four specialist classrooms and access to a range of high-quality equipment including: a Kiln room, a dedicated Textiles suite with sewing machines and a heat press. Our Photography Studio with lighting, backdrops and specialist cameras, allows us to teach the GCSE Photography course effectively, as does our access to computer suites which feature Adobe Cloud software and iPads which we use for editing.
