**Our five core values lie at the heart of our school community and underpin all that we do.**

The South View Federation is an inclusive school and has four resourced provisions: two are based at the infant school and two at the junior school. At each school, there is one resourced provision for children with speech, language and communication needs (SLCN) and another resourced provision for children with moderate learning difficulties (MLD). Children placed in our MLD Resourced Provision have moderate learning difficulties in all areas of the curriculum (a global delay usually of at least 2 years). All the children in our MLD resourced provisions will have a hybrid of needs, which may include physical disabilities; sensory impairments; language impairment; or autistic characteristics. Children in the MLD resourced provisions spend the vast majority of their time in the resourced provision class due to them finding mainstream classes overwhelming.
