An opportunity has arisen to join the Creative and Technical Department, starting as soon as possible. The role is to provide a comprehensive support service to a teacher in the creative and technical faculty.

Applications are welcomed from individuals who have the suitable qualifications or are willing to train and believe they can make a positive contribution to the school. The school is always a busy place and candidates will need to be practical, well organised and be able to prioritise their workload; experience of a school role in an art field would be an advantage, but training and support will be given.

This role is a support worker funded by the Access to Work (AtW) scheme to help individuals with disabilities or health conditions with practical tasks at work.

All successful candidates will be subject to a Disclosure and Barring Check as well as other relevant pre-employment checks including online searches.

Closing Date: 26 September 2025
